Creative to the core

The perfect medium. Unlimited potential.

At Durasein, we're here to give your imagination and skills the support they deserve. We're top notch problem-solvers for your wildest ideas. The chance to be creative is what gets us out of bed each day, and we love teaming up with other people to make something original and new.

So don't think of us as just a solid surface manufacturer (even though we're very proud of what we make). Think of us as someone who equips and supports your muse, and together, we can make something incredible.

Let the next few pages stimulate inspiration with a few of our favorite collections. Each pattern and color, carefully curated by our in-house designers to help you create the look you want right now.

We carry a standard palette of over 50 solid surface sheet decors, but don't let the fun stop there. Have a unique color or effect in mind? We can do that, too. Our in-house team of creative customizers are here to help.

Feel at ease and find balance.
A peaceful color array that
calms your nerves and keeps
your projects centered.

Our super solid surface

We think our material is pretty extraordinary. It's composed of two-thirds natural minerals and one-third high-performance acrylic resin and pigments. The result is a material that's rock-solid, but easy to shape with standard woodworking tools—in any form and any scale you can imagine. And it's available in a dazzling array of colors and patterns to bring your ideas to life.

Engineered to Protect

Our material stands up to harsh chemicals, moisture, mold, and mildew, and it's even anti-bacterial.

Spec'd for Safety

Durasein is heat-resistant, fire-resistant, low-VOC, non-toxic, and food-safe.

Easy to Clean

Our low-maintenance, stain-resistant, mold-resistant solid surfaces wipe clean in seconds.

Made to Last

Durasein's impact- and scratch-resistant surfaces can be renewed, repaired, recycled, and reused.

Designed to Please

Our growing collection of solid surface materials is seamless, thermoformable, and endlessly satisfying in your hands.

Trusted & True

Durasein is backed by Greenguard, Greenguard Gold, NSF-51, ISO 9001, USGBC, and ISFA certifications, along with our 10-year warranty.
